

### **What is Parkside aiming to achieve through its Health and Social Care curriculum?**

We want to learners to develop knowledge and understanding by applying their learning and skills in a work-related context. Additionally, they are popular and effective because they engage learners to take responsibility for their own learning and to develop skills that are essential for the modern-day workplace. These skills include: team working; working from a prescribed brief; working to deadlines; presenting information effectively; and accurately completing administrative tasks and processes. Health and Social Care aims to motivate learners, and open doors to progression into further study and responsibility within the workplace.

## Parkside School Subject Curriculum Plan

### Subject: Health & Social Care - KS4

PARKSIDE
